

WHAT DOES A 20% REDUCTION IN WATER USE LOOK LIKE?

AVERAGE DAILY USE

The average Californian uses 91 gallons of water per day. Here are some easy ways to reduce water use. Find the right combination for you to reduce by 20%.

INSTALL AERATORS ON BATHROOM FAUCETS

saves

1.2 GALLONS

per person/day

WASH ONLY FULL LOADS OF CLOTHES

saves

15-45 GALLONS

per load

TURN OFF WATER WHEN BRUSHING TEETH OR SHAVING

saves

10 GALLONS

per person/day

TAKE FIVE MINUTE SHOWERS INSTEAD OF 10 MINUTE SHOWERS

saves

12.5 GALLONS

with a water efficient showerhead

FILL THE BATHTUB HALFWAY OR LESS

saves

12 GALLONS

per person

INSTALL A WATER-EFFICIENT SHOWER HEAD

saves

1.2 GALLONS

per minute

OR

10 GALLONS

per average 10-minute shower

FIX LEAKY TOILETS

saves

30-50 GALLONS

per day/toilet

INSTALL A HIGH-EFFICIENCY TOILET (1.28 GALLON/FLUSH)

saves

19 GALLONS

per person/day

RUN DISHWASHER WHEN FULL INSTEAD OF HALF FULL

saves

3-8 GALLONS

per load

HOW TO GARDEN IN A DROUGHT

California is in a drought and that means that we need to be careful with every drop of water that we use, particularly outdoors. Here's a guide to help your landscape survive.

GET EFFICIENT

introduce drip irrigation

invest in a smart controller

using drip, water less frequently but longer and closer to plant roots

redirect downspouts to capture rainwater and direct it to garden areas

PRIORITIZE YOUR LANDSCAPE

VEGETABLES & FRUITS GET PRIORITY
They help feed your family.

WATER-WISE PLANTS & SHADE TREES
Water-wise plants use little or no water once established. Shade trees help keep plants cool and less thirsty.

THIRSTY PLANTS – LAWN, HIGH-WATER-USE & CONTAINER PLANTS
These plants are the lowest on the priority list. If you have to cut back, start here.

USE MULCH

There are many benefits to using mulch in your landscape.

RETAIN MOISTURE
Less watering needed and grow healthier plants.

MODERATES TEMPERATURE
Cool soil in the summer and warm soil in the winter.

DECOMPOSES NUTRIENTS
Enrich soil and better soil quality.

DISCOURAGE WEEDS
Keep weeds away and reduce maintenance.

CAN I PLANT?

Current City of Oceanside drought regulations restrict landscape irrigation to no more than 2 days per week. Native California friendly landscaping is a good alternative to water thirsty lawns.

RECYCLE INDOOR WATER OUTDOORS!

Recycle water you are using indoors by capturing what otherwise might go down the drain and use it on plants.

put a bucket in your shower

use cooled cooking water

wash your fruits & veggies over a bucket

keep a pitcher next to the sink and empty water glasses in it
